

FEATURES & BENEFITS – STANLEY® FATMAX® SCREWDRIVERS

- Ergonomically designed tri-lobular handle provides more torque than traditional-style screwdrivers for less effort.
- High strength polypropylene handle has textured rubber grip for comfort.
- Magnetic tips help secure grip on fasteners.
- Color-coded handles for easy tip identification.
- Chrome plated bars resist corrosion.
- Bars are fully ground and polished.
- Bars are made of alloy steel and heat treated for strength and durability.
- Shot blasted black oxide tips provide a more precise fit and a textured surface, which provides increased grip and less cam-out when in use.
- Tip identification symbol molded onto side of handle makes tip identification easy.
